Secretary's Notes

by Wilson Hardy

The Lincoln Area Soaring Society November 2, 2010 meeting came to order at President Tom Wild's request close to 7:30 pm in the Willard Community Center. After a short bull session President Wild jumped ahead to New Business for a minute to let everyone know that Terry Lamm joined the club. The meeting then reversed gears back to approval of last meeting's minutes which at that time happened. So the October meeting's minutes were approved as written in the last news letter. Next on the addenda was the Treasurer's Report in which was reported that there were no deposits and no bills paid this last month.

In one of the many asides of the meeting, it was talked about that Paul Wright was in town and had planes to sell. Get in touch with Jim Baker if you want any of them.

In the ensuing conversation about the past events of the year it was brought up that next year for the Tom Neill Memorial get together in Lucas, Kansas (lovingly known as Tom's Days) it would be helpful and maybe mandatory that there would be a charge to help offset the cost of the event. At the very least \$10 a head and perhaps closer to \$20 would make the difference in the success of the event. President Wild also made a motion to have the treasurer cut a check to pay Kelly Neill back for her part in the last year's event. The discussion was about the good flying that took place during the last event and hopes for next year being even better.

Next up was election of club officers for the 2011 year. The final tally was Loren Blinde President, Tom Wild as Secretary, Jim Baker as Treasurer, and once again Allan Worrest as club News Letter Editor and all around good guy.

After that there was some discussion of whether or not to have a Christmas dinner/party and the idea was vetoed until next year.

There were two models for Model of the Month. Tom Wild brought his MGD flier from a guy in Blakesburg.

**CLUB MEETING Tuesday
December 7, 2010**

7:30 p.m.

**Willard Community Center
Folsom & West B Street
Lincoln, NE**

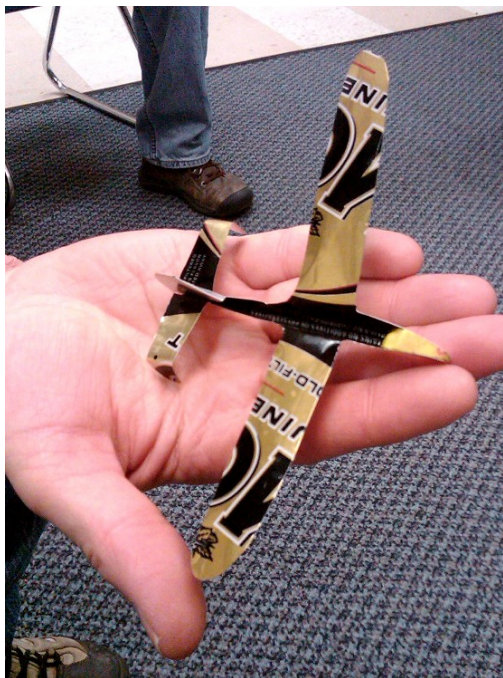

Minutes (Continued from page 1)

(Ed: Tom later wrote Bob Harold was the designer) Thane Kirchhoff brought his amazing 100" span yet-to-be named glass slipper. With an empty weight of 44 oz and a proposed fitted out weight of 55-60 oz it looks to be top of the heap once again. Allan Worrest also brought his JR11X DSM to show off and to describe the great things it can do over and above his old radios.

The meeting was ended at 8:34 pm.
