Roper Flight Demo

In place of the normal club meeting, LASS members put on a flight demonstration for the Willard kids at the Roper Elementary School grounds. Cole Pomeroy, Willard's youth director, and another staff member brought four pre-teens with him. LASS members: Loren Blinde, Jim Baker, Jack Barry, Wilson Hardy, Tom Wild and Allan Worrest put on a flight demo and let the kids fly some of the aircraft.

No regular business was transacted.

At the right Allan Worrest's Deimos electric sailplane being returned by one of the youthful pilots. Below right, Jim Baker explains the workings of his model with Cole Pomeroy at the right (both photos by Tom Wild). Below, Jim is about to string up his hi-start.
