

the L.A.S.S. Edition

February 2013

Secretary Notes

By Tom Wild

President Loren Blinde called the January 8th 2013 meeting to order at 7:30 p.m.. The minutes from the last meeting were accepted as published.

OLD BUSINESS:

Allan reported on the paper airplane event held on January 3rd for the kids of the Willard Community Center went off with a slight hitch. Seems the kids didn't follow along with the suggested safe design blunt nose airplanes. Members present to help with this event were Allan Worrest, Darin Kelstrom, Jim Baker, Wilson Hardy and his daughter Sarah. Seems the group of kids was larger and younger than events in the past but there were no reports of mortal loss.

Discussion followed on what possible changes could be made for next time to the program in format or types of airplanes flown.

FIELD REPORT:

Nobody had any reports of field conditions, but there was mention of the upcoming possibility of dirt mining, removing a layer of dirt in one area to raise the level in another area above the flood plain for future building expansion.

NEW BUSINESS:

Allan Worrest will contact the Swift glider club (Bob Turner) to see if there is interest in sharing a booth with LASS for the upcoming open house on January 26th at the Strategic Air & Space Museum. This event will draw other clubs in the area including the Lincoln Sky Knights, Omahawks, Midwest Performance Flyers and the parachute club. Watch your email for further details.

NEW MEMBERS:

Gene Sengstake came to the meeting to check us out. Gene was a member once upon a time and is thinking about getting back into the hobby with his new Radian Pro glider.
