June 2010

Treasurer's Report

by Jim Baker

No income. No expenditures and no one left on base. The field should be in good shape about now though. Thane and I flew pylon racers out there a couple of week ago. At that time the grass was waste high and heavy in most areas west of the construction. East of the fence in was all cut, baled and hauled away. I expect the rest will be mown by now. There is plenty of space to lay out across field on the west side of the big ugly so don't let that stop you from going out. See you at the meeting.

Pictures of the Field June 29, 2010

The far eastern portion of the field appears to have been cut some weeks ago. With all the rain, the vegetation has begun to grow back. In the picture below, the camera is pointed

south. The storm fence is just to the right of center and the construction work is to the right. Access by the north path is impossible unless you drive a four-wheel all-terrain vehicle. In the bottom right-center of the picture you can see the start of the drainage channel that was cut to clear the work area of water.

Field (Continued from page 1)

This picture shows the drainage channel where it cuts across the northern path. Hopefully, it gives you an idea of its depth.

The bottom two pictures show the many pipe segments that are on the ground stretching across the north-south length of the field.

There are areas that are usable. The tracts on the north side that borders Have-lock Avenue have been cut and are still fairly short. On Tuesday, the hay west of

Regional Events

- 7/10 Western Flyers Old-Timer Fun-Flys, Mead, NE, See http://www.weflyrc.org/forms/2010_Oldtimer_fun_flys.pdf

- 7/25 Lincoln Sky Knights' SPA-like Pattern Contest, 134th & Waverly Road, Waverly, NE

the pipes has been cut, windrowed and ready to be baled.

Whether the far east portion of the field can be accessed by the south path is open to question. A.W.
