Secretary's Notes

By Tom Wild

President Wilson Hardy called the August 7, 2018 LASS meeting to order at 7:35 p.m. at Greg's Restaurant .

FIELD REPORT:

Wilson flew at the field once since the last meeting. He stated the alfalfa is good for stopping airplanes.

NEW AND OLD BUSINESS:

Wilson mentioned that AMA had asked the membership to update their club rosters.

Older business; Loren Blinde had received an email from Janelle Soderling, executive director of the Willard Community Center, stating the center is now open and ready for business. She asked if our club would be returning for our meetings. She suggested a meeting fee be paid. We have yet to have a vote on this issue.

Tom's Days will be held the weekend of October 5-7 to coincide with Greg Hine's Wilson Fall Fun Fly (WF3).

Tom's Days

As stated in the minutes, Tom's Days will be held in conjunction with the Wilson Fall Fun Fly at Wilson Lake in Lucas, KS. Jim Baker asks that you contact him if you wish to participate. He needs a list of attendees to determine the amount of food required.

Nomination of Officers

Traditionally at the October meeting, we nominate the club officers for the next year. If you would like to toss your hat in the ring, come to the next meeting. Failing to attend will not guarantee that you will be overlooked!

August Show & Tell

President Wilson Hardy brought the only plane to the August meeting.

He writes, "The plane is a Jasco Trooper it was kitted in a couple of different models. The plane was offered as plans only as well. My dad built this one when he was starting high school so I'd guess somewhere around 1956. I would guess he was fourteen or close to it. I found it in my grandparents farm house in the upstairs bedroom closet. It didn't have much of the red tissue still on it but the structure was still mostly sound. Just to preserve it I covered it in transparent orange Monokote® and kept it with me throughout my years in boarding school and at college it was in my dorm room too. My kids played with it when they were young and my nephew's oldest son tossed it around as well. So that makes four generations having fun with an old Frank Zaic design from the early fifties."
