PROGRAM:	Flying and fun
BUSINESS MEETING:	Wednesday, August 6, 2014 * 7:00 P.M. * Make-A-Wish Foundation * 11926 Arbor St.

Labor Day is here!

By the time you read this, you will be staring down at the last work day before Labor Day weekend. The end of summer is here and it's time for our big, big show.

The Labor Day Air Show is always the highlight of the Omahawks' summer, when we get together with all of our friends in the R/C world and put on a show to show the people of Omaha why ours is the best hobby there is. At the same time as we are showing off all of our toys, we are raising money for the great organi-

zation, the Make-A-Wish Foundation.

A lot of work goes into putting on the show. From all of the people from clubs around the metropolitan area who fly in the show to the people who work behind the scenes, in concessions, selling raffle tickets and collecting donations. The people that do the work have a huge day ahead of them and they need all the help they can get. It is the many club members who come out to help out that make this show possible.

So, if you are not flying in the big show, come out to the field to show your support. Offer your help at the concession stands, raffle tent or just walk around with the donation jugs. Whatever you can do, even if you can only stay for a short time, will be greatly appreciated.

With everyone's help we can make this a great year and one of the most successful years ever!

- editor

FUN AT THE FIELD

We need your help with Labor Day Airshow Preparations

We're well into Spring and Summer is just around the corner, I sure hope all of you have been getting get out to Hawk Field for some flying. As I look ahead at summer and the summer events I want to remind all club members the Labor Day Air Show is just a little over three months out so you have plenty of time to work out any kinks in your favor Models.

However! planning for that event starts now for getting everything organized. This year the Board is helping to organize the event as Ed Paasch has some other priorities he must attend to. With that said, it does take some time and effort to get this show organized. If "we all help" with the preparation tasks the job will get done and there shouldn't be a burden on any one club member. I will discuss this topic at the General Meeting and as the Boards identifies task that need taken please feel free to jump in and help.

Bob's Challenge

The summer is sailing along smoothly and there are many activities to attend. It is never to late to remind everyone the Labor Day Air Show is just around the corner. Your support is needed in many ways to make this Air Show a success. The club needs to raise funds to purchase the raffle prizes. The more we collect the less the club supplement. Please be supportive and either donate a couple dollars to the cause or volunteer your time to help in the event. Make A wish is such a great cause to give to, I sure hope you will see that to. As your acting President, I encourage all of you to at least match me in a \$20 donation to to toward the purchase of raffle prizes or directly to Make A Wish. For those of you who already gave I want so say a Big Thank you! I will have my money at the General Meeting again, will you?"

This month we have two more kits to raffle off at the club meeting.

1. Ron Kriege donated a Hobby Hanger Sukhoi 26 .10 size kit.(designed by Zirol).
2. Matthew Carlson donated a Kestrel from Dumas Aircraft (indoor flyer)

Many thanks go out to the fine people at Hobbytown who donated the Grand Prize for the Labor Day Raffle!

Hawks add new soloed pilots

The Omahawks added two new names to the ranks of the soloed. pilots .Father and son team, Matt and Luke Krajewski received their solo certificates and got their ties cut at a brief ceremony at the July meeting at Hawk Field. Matt and Luke went through the Omahawks' training program to-

gether. Now that they have completed the training program, they can fly whenever they want at Hawk Field.

From now on the y only have themselves to blame when they crash their airplanes!
