Is that a full plate or what???

Wow! Summer is finally here. After that extremely long and cold winter and a too short spring, Summer is finally here! Memorial Day has come and gone. Lots of people came out to the field on Memorial Day to eat burnt eggs and bacon (actually the food was excellent) and celebrated the beginning of summer.

The field looks great. The project of clearing the underbrush has been completed and the "Valley of Death" is no longer a problem. If you haven't been out to the field to see it, you really need to go and look.

And, yes, as the headline

states, the schedule is now quite full. There are events for everyone whether they are a pilot or a spectator. But there are also some special events that are big, not only for their size but also for their impact. The SAS Indoor Air Show is happening this weekend at the museum in Ashland. This show is an excellent chance for our club to show off our hobby and our support for our community. Plus the hangar at the museum is possibly the best room ever for indoor flying.

But the big deal this year is that the Omahawks have been asked to display at the Offut Air Force base's open house. This is a great chance for the club to show its stuff in front of more than 100,000 visitors.

Also, on June 7th, the Omahawks have been invited to participate in the Veterans Appreciation Rally to be held at the North Omaha Airport. This is another great chance for the club to support the community while flying in a great location.

All in all, we have a great summer lined up on the schedule. If you can't find something fun to do, check your pulse because you're probably dead.

Need your help with Labor Day Airshow Preparations

We're well into Spring and Summer is just around the corner, I sure hope all of you have been getting get out to Hawk Field for some flying. As I look ahead at summer and the summer events I want to remind all club members the Labor Day Air Show is just a little over three months out so you have plenty of time to work out any kinks in your favor Models. However! planning for that event starts now for getting everything organized. This year the Board is helping to organize the event as Ed Paasch has some other priorities he must attend to. With that said, it does take some time and effort to get this show organized. If "we all help" with the preparation tasks the job will get done and there shouldn't be a burden on any one club member. I will discuss this topic at the General Meeting and as the Boards identifies task that need taken please feel free to jump in and help.

Look forward to seeing you at the field,
Bob Wheeler, President

2014 Defenders of Freedom Air Show

We have a number of volunteers who will be supporting the Offutt Air Show "Defenders of Freedom" this coming July 19-20. If you have the time, come on out to see Offutt Airbase to see wonderful Air Show and of course drop by and say hi to your fellow Omahawks. Check out the following Web site for more details: <http://offuttairshow.com>

HAWK TALK

Hawks Greet Summer with (what else?) Great Food and Lots of Flying

The Omahawks officially opened the summer season with their traditional President's Memorial Day Egg Burn. Lots of people showed up at the field, ate a hearty breakfast of scrambled eggs, bacon, pancakes and cinnamon rolls and then spent the rest of the day flying their airplanes on about as beautiful of a day as you could ask for.

Mmm... me and food. A match made in heaven. - editor

May 24th Float Fly. The winds were less than 10 mph from the south east. Dennis Bender retrieved many planes. Eighteen pilots took part despite forecasted rainfall, starting a few days before. It turned out a near ideal day for this kind of event. Five large pizzas from Irvington were consumed. The pilots signing in were: Steve Earl, Gary Vohnout, Chuck Buscher, Frank Wisniski, Brad Perkins, Frank Vanecek, Gale Sherman, Bob Roegge, Bud Mitchell, Bob Burt, Dennis Bender, Jim Morlan, Dean Copeland, Jeff Pinnt, Bob Wheeler, Joe Cole, Ron Pacana, and Dick Behrens.

George Eheman 1931-2014

George Eheman, age 82, passed away on May 25th, 2014, from esophageal cancer. He first started having problems with this cancer late last year. Still, about six weeks ago he was driving his car. George was born in 1931 and attended school in Detroit, Michigan. During the Korean conflict, George served in the US Coast Guard. He and his wife moved to Omaha from Grand Junction, Colorado in 1990, primarily so his wife could obtain a liver transplant. He joined the Omahawks that year and was instrumental in then forming the morning group flyers. Having had considerable experience in building and flying RC planes, he was the primary instructor for many of that group, including the writer. He was a meticulous builder and helped many build their planes. George flew at RC events at many outdoor and indoor locations around the metro area and was a regular at the Omahawk Old Timer and Float Fly events.... He also had work experience in designing and building full size sailboats and was active in forming a RC model sailboat group in the Metro area for a number of years.

Old Timer and Float Fly News

April 23 Old Timer Fun Fly.
Canceled due to weather.

May 7 Float Fly . The wind was mostly from the south 11-16 mph (reported by NWS), a little less than forecasted. Twenty pilots signed in. Bob Turner used his boat to make many retrievals. Afterwards Chuck and Marty Buscher prepared and served a tasty fish fry, of freshly caught walleye from Lake Oahe, along with salad, beans, pumpkin bars, etc. Someone said how lucky and fortunate we are to have members like the Buscher's and Dennis and Patricia Bender to prepare flavorful food for a group of mostly older retired guys. All agree to that.

Taking part were: Frank Wisniski, Chuck Buscher, Dennis Bender, Ron Pacana, Gale Sherman, Bob Zitz, Bud Mitchell, Larry Inness, Frank Vanecek, Bob Andersen, Charles Kluver, Tom Egbert, Mike Crosby, Bob Burt, Jud Bock, Leroy Hendersen, Bob Turner, Dean Copeland, Fred Wilke and Dick Behrens.

May 14 Old Timer Fun Fly.
The wind was westerly less than 6 mph. Twenty pilots signed. Dennis and Pat prepared another tasty meal, including carrot cake. Taking part were: Frank Wisniski, Dennis Bender, Ron Pacana, Frank Vanecek, Terry Chall, Bob Burt, Bud Mitchell, Bob Zitz, Dan Cramer, Tom Floyd, Bob Roegge, Dan Lorimer, Rick Haneline, Jud Bock, Mit Grimes, Ed Paasch, Bernie Baker, Larry Inness, Art Miller, Steve Peck and Dick Behrens.

Veterans Appreciation Rally at North Omaha Airport

Saturday, June 7th is the Veterans Appreciation Rally at the North Omaha Airport. RC flying will be from 9 AM to 11 AM. Parking for RC pilots will be located north of the Airport office up by Paul Edmund's Hanger. For those of you who participated in prior events there it is the same grassy area. It sounds like there will be lot of activities so come out and support your club and to show appreciation to the veterans. The Omahawks would also like to thank Paul Edmund for being our host and providing his hanger for AC power and storage.

Late Spring Clean up

Spring as finally arrived and by now you probably have made a trip or two out to Hawk Field to get in some flying. You've probably noticed how nice the field is looking and the good shape it is in. As good as it looks the club does have some light chores we need to attend to if we want to keep it looking good. Please come out to the field on June 14th at around 8 AM to help with some general maintenance around the field. We plan on painting the pavilion as well as doing some other light duty cleans up around the field. Bring an airplane and fly when the work is all wrapped up. Lunch will be provided for those who help. If you will be helping please let Mikey Furrow know so he can get a head count.

Bob Wheeler
