

Presidents Corner:

Sorry about the delay of our newsletter. Aron Boumstein our Secretary and newsletter editor had an unexpected trip to the hospital this past week. It appears that all is well at this time. I am sending a shortened version of the newsletter via email only, and we should be returning to our regular format and content next month. We all wish Aron well! Thanks Joe

Hello everyone, hopefully the smell of freshly cut balsa, CA and epoxy is wafting through your shop on those new winter projects by now. There's nothing quite like the temps falling outside and being snug and warm in our work shops. I want to thank everyone for a successful year, especially our Tuesday night funflies. I am really looking forward to next year's flying season, those Tuesdays are a real blast. We will start reserving dates for next year's events at our next meeting. If you have thought of hosting an event at our Mead site feel free to volunteer. The more events the better and we will have many free weekends to schedule. If you have had previous events, schedule them as soon as possible to guarantee your dates. I will be passing on the website to Adam Worden next month. Adam has kindly volunteered his services, Thank you Adam! Rob Hool has volunteered to do the newsletter next year, Thanks Rob! If you have any ideas for either the website or the newsletter please pass them on to, Adam, Rob or any of the officers. I want to sincerely wish you and your families a happy holiday season and a very happy new year!
