## VP's CORNER

Bob Boumstein

Fall is here and the Tuesday night get tog ether's are over but there is a lot of good flying to be had at Mead and Springfield before the cold weather really takes hold. Meetings are now at ABE offices 12875 Deauville Drive. For those of you who have not been there before we are just south of the Coastal Mart off 128th & Q (Deauville Drive) there is now a sign on the building visible from Q ST. Your welcome to bring a plane, radio or what have you for show & tell. Additionally if someone has a video of airplane activities we have a TV VCR combo to show it on.

It is not too early to think about our spring Auction. It takes a lot of work to make this event a success. Some things to think about are the minimum bid, which some groups including the Omahawks are raising to \$20 per item. Also, the charge for no sale items has been \$1 I suggest we raise that to \$2. Lastly the price of admission & registration has been \$3 for a long timer. I think we can go to \$4 without a problem. Let's discuss these items at the meeting and see what the opinions are.

Lastly, we should think now about events for next year. These events help grow the club and if we plan our schedule early we can attract more participation.

One final note is I am still collecting Ink Jet cartridges to turn into cash for the club. Bring your empty cartridges to the meeting. I hope to redeem at least one more group of them before the years end. That would make nearly a \$100 we got in rebates. We will need some good equipment to maintain our fields next year and this helps everyone.

Keep your wings level!  
Bob Boumstein
