Byron
Fuels &
Duralite

Directions to the field: From I29, take the Hwy. 20 West Exit. Go 1 mile past Martin's Airfield to H Ave., about 6 miles west from the interstate exit. Turn left (south) on H Ave. at the small sub station on the left side of the road. There is a yellow sign pointing the way. Take the first right (west) after you cross the railroad tracks, the field is about $\frac{1}{2}$ mile down the road on the right side.

There is also a map on the website - www.slrcm.org
